

Dear Parents,

My name is Ginger Slaughter and I will be your child's second grade teacher. I know that God has much in store for our class. I have been praying for each child in my classroom, and realizing that God will allow me to reach each one of them individually. He is such an awesome God!!!

A little about my family, school, and church- I am from Cedartown Georgia, where I grew up and still live. I am married to Jason Slaughter, also from Cedartown, and have three wonderful children, Janson and Jaydon, and JR. Janson will be in Sixth Grade, Jaydon will be in Third Grade, and JR will be in the Ninth Grade. God placed JR in our lives three years ago. Unity has been great for him. His grades have improved and his self-esteem is remarkable, but most of all he has grown in his spiritual walk. Believe me God is truly amazing! I graduated from The University of West Georgia, in Carrollton Georgia. I taught in public school for nine years. I praise Jesus for sending me to Unity in August 2005. I have had a wonderful experience for the last seven years and know that the future will even be more thrilling. If only everyone had a glimpse of what Unity is about. As a child, I attended a very small church, Lime Branch Baptist Church, and now my family attends Rolling Hills Baptist Church, which is some bit larger.

It is my prayer that you will always pray for your child and our classroom everyday. I always want to do what God would have me do. I am very excited and know that it is a precious opportunity being able to teach your little one and show them the love of Christ.

In His Love-
Mrs. Slaughter
