

I am very blessed to have this opportunity to teach where I can share Jesus with such precious children. My goal is to show Christ-like values through my words and actions where God can (through me) make a difference in your child's life. I have had some amazing experiences teaching at UCS-there's been plenty of good times with my students and families but there's also been some sad times...but God is the Way, the Truth, and the Life and through His love and grace we should strive daily to live like Him!

My name is Neely Whiteside. My husband, Eric and I live in the Armuchee area and have three amazing sons: Eli, Evan, and Elliott. Eli, 8 years old, will be in the second grade this year and Evan, 4 years old, will be in the four year old class, and Elliott, 3 years old, will be in the three year old class. I am very excited they have the opportunity to attend such a wonderful, Christ-centered school. My hobbies are reading, camping, fishing, and spending time with my family. My family and I are members of Calvary Baptist Church.

I received a bachelor's degree from Georgia Highlands and graduated from Shorter College with an emphasis in education. The Lord has blessed me with being a part of unity for the past 10 years. I look forward to the up-coming school year. I pray this year will be filled with everlasting memories of friendships, commitments of salvation, true understanding of God's Word, and a love of learning.
