

Faculty and Staff

Unity Christian School holds strong, uniform spiritual and academic qualifications for its faculty and staff. Each member of the UCS team meets the requirements mandated by our accrediting agencies and has demonstrated a personal salvation through Jesus Christ as well as an agreement with our Statement of Faith. Each faculty member is certified through ACSI.

Our Pre-Kindergarten and Kindergarten classes have a teacher and an aide in each classroom. For Pre-Kindergarten through 1st grade, we try to keep the class size to 15 students and the class size for 2nd – 12th grades at 20 students. Elementary grades Kindergarten through 6th provide enrichment teachers in foreign language, music, art, library / media, chapel and physical education.

Our middle and high school grades are taught by a team of departmentalized faculty members. Enrichment courses for middle and high school students include art, ensemble, steel band, physical education and media / research. Further elective classes are offered in addition to the regular college preparatory courses.

Each member of our faculty desires to give back to the mission in which they so strongly believe. Faculty members have also taken the lead in growing the extracurricular and athletic opportunities available to our students by taking on roles as coaches and advisors.

The faculty of the school is supported by a full administrative staff made up of the Headmaster, Chief Financial Officer, Dean of Students, Dean of Academics, Director of Spiritual Life, Administrative Assistants, Director of Admissions, Registrar, Director of Facilities and a Marketing/Development department. We also have coordinators in After School Care and Information Technologies.
